ANNUAL FUNDING NOTICE
FOR
SEIU NATIONAL INDUSTRY PENSION FUND
April 29, 2024

INTRODUCTION

This notice includes important information about the funding status of your multiemployer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2023 and ending December 31, 2023 (“Plan Year”).

HOW WELL FUNDED IS YOUR PLAN

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funded percentage.” The Plan divides its assets by its liabilities on the Valuation Date for the plan year to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s funded percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also states the value of the Plan’s assets and liabilities for the same period.

Funded Percentage			
	2023 Plan Year	2022 Plan Year	2021 Plan Year
Valuation date	January 1, 2023	January 1, 2022	January 1, 2021
Funded percentage	86.3%	84.2%	79.8%
Value of assets	\$1,549,129,456	\$1,485,622,591	\$1,386,658,936
Value of liabilities	\$1,795,084,488	\$1,765,267,195	\$1,738,568,419

Physical Address:
 1800 Massachusetts Ave. NW – Suite 301
 Washington, DC 20036

YEAR-END FAIR MARKET VALUE OF ASSETS

The asset values in the chart above are measured as of the Valuation Date. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. The asset values in the chart below are market values and are measured on the last day of the Plan Year. The chart also includes the year-end market value of the Plan’s assets for each of the two preceding plan years.

Please note that the asset value as of December 31, 2023 is preliminary, and may change with the final audit.

	December 31, 2023	December 31, 2022	December 31, 2021
Fair Market Value of	\$1,546,784,078	\$1,406,177,331	\$ 1,642,320,795

ENDANGERED, CRITICAL, OR CRITICAL AND DECLINING STATUS

Under federal pension law, a plan generally is in “endangered” status if its funded percentage is less than 80 percent. A plan is in “critical” status if the funded percentage is less than 65 percent (other factors may also apply). A plan is in “critical and declining” status if it is in critical status and is projected to become insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Funding improvement and rehabilitation plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current and future payment obligations to participants and beneficiaries.

The Plan was in “critical” status in the Plan Year ending December 31, 2023 because there was a funding deficiency projected for the year in the Funding Standard Account. In an effort to improve the Plan’s funding situation, on November 25, 2009 the Trustees adopted a rehabilitation plan, which provides for three schedules of contribution increases, designed so that the Plan will exit the Red Zone by 2024. On November 3, 2021, the Trustees elected to extend the Rehabilitation Period by five years, from 2024 to 2029, as permitted by Section 9702 of the American Rescue Plan Act. You may obtain a copy of the Plan’s “rehabilitation plan”, any update to such plan and the actuarial and financial data that demonstrate any action taken by the Plan toward fiscal improvement, by contacting the plan administrator.

PARTICIPANT INFORMATION

The total number of participants and beneficiaries covered by the Plan on the valuation date was 117,030. Of this number, 45,474 were current employees, 23,061 were retired and receiving benefits, and 48,495 were retired or no longer working for the employer and have a right to future benefits.

FUNDING & INVESTMENT POLICIES

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to the level of contributions needed to pay for benefits promised under the plan currently and over the years. The Plan is funded by contributions made by employers pursuant to collective bargaining agreements with the unions that represent the Plan’s participants. There are no employee contributions to this Plan. Once money is contributed to the Plan, the money is invested by plan officials called fiduciaries. Specific investments are made in accordance with the Plan’s investment policy.

Generally speaking, an investment policy is a written statement that provides the fiduciaries who are responsible for plan investments with guidelines or general instructions concerning various types or categories of investment management decisions. The investment policy of the Plan is to earn a rate of return equal to or in excess of the actuarial assumption (currently 7.00%) over a protracted period of time, recognizing the long-term nature of the Plan’s assets and liabilities, while controlling risk and commensurate with market conditions. The Plan’s Trustees expect the investment policy objectives to be fulfilled within the levels of risks that a prudent investor, as defined by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), would take under similar conditions. In order to manage these conditions, a strategy of diversification and varying asset allocations may be employed. This may include but is not limited to type of asset class, style and amount of investment managers, capitalization sizes, and correlation between investments. Invested assets are managed within the SEIU Pension Plans Master Trust, which pools and invests the assets of the defined benefit pension plans administered by the SEIU Benefit Funds Office. Plan assets shall be invested in a manner consistent with the fiduciary standards contained in ERISA, and the regulations promulgated there under and applicable federal and state laws and regulations. All transactions undertaken on behalf of the Plan must be in the sole interest of the Plan and its participants and beneficiaries.

Under the Plan’s investment policy, the Plan’s assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
Stocks.....	<u>48.22%</u>
Investment grade debt instruments	<u>16.54%</u>
Real estate	<u>14.72%</u>
Other.....	<u>20.52%</u>

EVENTS HAVING A MATERIAL EFFECT ON ASSETS OR LIABILITIES

By law this notice must contain a written explanation of new events that have a material effect on plan liabilities or assets. This is because such events can significantly impact the funding condition of a plan. For the plan year beginning on January 1, 2024 and ending on December 31, 2024, the Plan does not foresee any events to have such an effect.

RIGHT TO REQUEST A COPY OF THE ANNUAL REPORT

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where to Get More Information."

SUMMARY OF RULES GOVERNING INSOLVENT PLANS

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see "Benefit Payments Guaranteed by the PBGC," below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

BENEFIT PAYMENTS GUARANTEED BY THE PBGC

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. There are separate insurance programs with different benefit guarantees and other provisions for single-employer plans and multiemployer plans. Your Plan is covered by PBGC's multiemployer program. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

Example 1: If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ($\$600/10$), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus $\$24.75$ ($.75 \times \$33$), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 ($\35.75×10).

Example 2: If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or $\$200/10$). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus $\$6.75$ ($.75 \times \$9$), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 ($\17.75×10).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement

benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under a plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on PBGC's website at: <https://www.pbgc.gov/about/factsheets/page/multi-facts>. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information About Your Plan," below.

WHERE TO GET MORE INFORMATION

For more information about this notice, please use the appropriate contact information below.

If you are a plan **participant** and you need additional information about your **pension benefits**, please contact our Call Center.

1.800.458.1010
Monday – Friday
9 a.m. – 5:30 p.m. EDT

If you are an **employer** and need **additional information**, please email us at:
contributioncompliance@seiufunds.org

If you have any question about plan **investments**, please contact Tsegaw Mengistu at:
tsegaw.mengistu@seiufunds.org

For identification purposes, the official plan number is 001 and the plan sponsor's employer identification number or "EIN" is 52-6148540. For more information about the PBGC and benefit guarantees, go to PBGC's website, www.pbgc.gov, or call PBGC toll-free at 1-800-400-7242 (TTY/TDD users may call the Federal relay service toll free at 1-800-877-8339 and ask to be connected to 1-800-400-7242).

Notice of Critical Status
For
SEIU National Industry Pension Fund

April 29, 2024

EIN: 52-6148540

Plan Number: 001

To: Participants, Beneficiaries, Participating Unions, and Contributing Employers

The Pension Protection Act of 2006 requires that the Plan's actuary determine annually the Plan's financial status under specific rules. This Notice is to inform you that on March 29, 2024, the Plan's actuary certified to the U.S. Department of the Treasury, and also to the Trustees, that the Plan remains in critical status (the "red zone") for the plan year beginning January 1, 2024. Federal law requires that you receive this notice.

Critical Status

The Plan was first considered to be in critical status (that is, in the "red zone") for the Plan Year beginning January 1, 2009. In order to emerge from critical status, the Plan would need to have no accumulated funding deficiency projected for 10 years. The Plan's actuary has determined that the Plan is projected to have an accumulated funding deficiency within 10 years; therefore, the Plan continues to be certified as critical status for 2024.

Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The rehabilitation plan may include changes to the benefits you earn in the future. In addition, the law permits pension plans in the red zone to reduce, or even eliminate, certain features of benefits you have already earned – these features are called "adjustable benefits" – as part of a rehabilitation plan. When the Plan first entered the red zone in 2009, the Trustees adopted a number of plan changes and contribution adjustments anticipated to bring the Plan out of the red zone in no more that thirteen years from the start of the Rehabilitation Period, as required under law. On November 3, 2021, the Trustees elected to extend the Rehabilitation Period by five years, from 2024 to 2029, as permitted by Section 9702 of the American Rescue Plan Act. You have received separate notifications identifying and explaining the benefit changes on November 25, 2009 and December 30, 2009. Please refer to those notifications for details, or contact the Fund Office.

Physical Address:
[1800 Massachusetts Ave. NW – Suite 301](#)
[Washington, DC 20036](#)

Please note that, according to the rehabilitation plan, the Plan is expected to remain in the red zone until the end of the rehabilitation period. The fact that the Plan is in the red zone this year is expected and does not mean that further Plan changes are necessary. As you know, certain adjustable benefits have already been reduced or eliminated as part of the rehabilitation plan adopted in 2009; the timing of some of these changes are dependent on adoption of schedules in collective bargaining. There is no indication that the Trustees intend to make any additional changes to adjustable benefits. There is no expectation that any other benefit reductions will be necessary in the future if progress continues to be made under the existing rehabilitation plan. Should any further changes be necessary under the rehabilitation plan, you will receive a separate notice in advance identifying and explaining the effect of any such changes. As always, any reduction in adjustable or other benefits will not reduce the level of a participant's already-earned benefit payable at the Plan's normal retirement age of 65, nor can they affect the benefits of those who were already in pay status on the date of the initial notice of critical status in April 2009.

Employer Supplemental Contributions

The law requires that all contributing employers pay to the plan a supplemental contribution to help correct the plan's financial situation. The amount of the supplemental contribution is equal to a percentage of the amount an employer is otherwise required to contribute to the plan, according to a collective bargaining agreement that implements one of the contribution schedules in the Rehabilitation Plan.

What's Next

The law requires that the Plan's funding status be reviewed each year and certified annually, so you will receive a notice similar to this each year that the Plan is certified to be in critical or endangered status. You will also receive formal Annual Funding Notices that present additional historical information about the Plan's funding status.
